Joe-

I am a little concerned about the clean-up at Quarry 3. It appears that the access road will be along the southern property line of the 2301 Renaissance building and access to the Quarry itself will be from the eastern end, probably the closest point to the 2301 building. As you know, we have a new tenant going into 2301 in the fall, so anything you can do to make sure that disruption is minimized would be appreciated by us. We are particularly concerned about the removal of trees in and around Quarry 3 since the wooded setting is very attractive and would take many years to replace.

Thanks!
